No flag but the Old Flag—the Red White and Blue,
With the stars of a Union unbroken and true
Arise and defend it ye sons of the brave,
Whose blood bought the banner your valor must save

THURSDAY MORNING, JULY 10, 1862

Military Department of Oregon and Washington.

Our notice of the assignment of Gen Alvord to the command of the military *District* of Oregon, has led to some incorrect conceptions It has been supposed by some that this military *District* has been changed to a *Department*. This is not so The *Military Department of the Pacific* embraces the States of California and Oregon and Washington Territory. The command of a Department has an independent command, making his reports and receiving orders from the Secretary of War. The commander of a Military District makes his reports to the commanding General of the Department, receives orders from him, and to all intents and purposes the commander of the Department controls all the operations and movements of the troops in his Department

The remarks made by us on Monday in reference to the re-organization of the Military Department of the Pacific, so as to establish an independent Military Department, including Oregon and Washington, have been the subject of much discussion among our citizens, and their conclusion, which accords with our own, is, that the interests of this coast, more especially those of Oregon and Washington, require that this new organization speedily take place. Not only the extended interests of our people demand this, but those of the Government itself. It will secure *promptness*, *efficiency* and *economy*, in the transaction of military affairs in Oregon and Washington, which cannot be the case, if the headquarters of the present Department remain seven hundred miles from the headquarters of this District. We need not tell our readers that in winter, *weeks* often pass when there is no mail connection between *Vancouver* and *San Francisco*. This certainly was the fact last winter. Cases arise, sometimes, which require immediate and extensive action of our military; and though we do not fear, at present, any *great* outbreak among the Indians, yet, we must always recollect that we have in this Military District upwards of forty four thousand Indians, to be kept under restraint by the military—a large portion of whom, in the true acceptation of the term, are savages Government is at great cost in keeping up the military establishments on this coast, and they ought always to be kept in a perfect state of efficiency, which, in our opinion, and that of our citizens who have given attention to this matter, can best be done by making two Military Departments on this coast

We are warned, too, by incidents now occurring between two leading European powers, that at any moment we may be engaged in foreign war, in which event this coast will be the most exposed to invasion and the most remote from assistance by the home Government of any portion of our national territories *Our gold mines would be a prize coveted by ambitious foreign powers.*

We most, therefore, respectfully invite the attention of the Delegation in Congress from Oregon and Washington, to this subject. And especially we would ask Senator Nesmith, and Col Wallace of the House, to represent this matter properly to the War Department. Their connection with the Government and the confidence reposed in them, will give them influence in the case, which, as we believe, will effect the object desired

VALLANDINGHAM MISREPRESENTATION —The Vallandingham Address says that the public debt is already one thousand millions of dollars This is a shameless falsehood It is stated at the Treasury Department that the total debt, on the 1st of May, was but five hundred millions, and will not exceed six hundred millions on the first of next July—The deliberate statement of the peace party is more than four hundred millions wide of the exact truth It is by such statements that these disunion demagogues attack the Government

KILLED —We learn that the Captain of the *Tenino*, had a difficulty with one his deck hands last Monday, and in the row struck him with a bar of wood, from which he died in a few hours The Captain is said to regret the unfortunate occurrence very much not intending such a serious result He gave himself up to the authorities, and was held to answer at next term of District Court

PARSON BROWNLOW COVETS AN OFFICE —Parson Brownlow says there is only one office in the gift of the government he would like that of General Hangman in East Tennessee

The Fourth at Astoria.

ASTORIA July 5 1862

EDITORIAL

The good people of Astoria and vicinity, to the number of about four hundred, under the management of the teachers and scholars of the Free District School of the village, assembled on the 4th inst, at the school house at eleven o'clock A M, and marched to the green on Shively's Point, adjoining the town where the following programme of ceremonies were carried out

1st Singing by scholars mostly—'Hail our country's Natal Morn'

2d Reading of the Declaration of Independence by Master Horace Brown

3d Singing, by choir, "America"

4th Address, 'Objects and importance of education in a natural and patriotic point of view'—by Wm L Adams, Esq

5th Music, 'Hail Columbia,' by home band

6th Miscellaneous speaking, by County Superintendent of Schools, &c

7th Dinner, on the grounds by children first, of whom there were one hundred and fifty present

8th Congratulations and rejoicing generally

9th Singing, 'Star Spangled Banner,' by choir

10th Sports—swinging, running matches dancing slightly, and other gymnastics—which all separated and departed *ad libitum*

In the evening we had a fine exhibition of fireworks, a ball and other social gatherings and everybody seemed well pleased with the enjoyments of the occasion SPECTATOR

PATRIOTISM —To be a *patriot* supposes that a man will make sacrifices for his country —He who will not do this must be a very questionable patriot On our coast we are not called upon to make sacrifice of life —but occasionally we are required to test our patriotism, by a sacrifice of *feeling* It has happened in Oregon, and will happen in Washington Territory, that men may be candidates for office whose *sympathies are with the rebellion* These may be our *personal* friends If it be so, can we as loyal citizens—desiring to sustain our Government, and to give strength to it by the election of loyal men to office—*vote for such men?* Can we claim to be loyal citizens,—vote for men whose election would be regarded as a triumph over the Union party, and *honestly claim to be patriots?*—Would not the act satisfy others as well as ourselves, that *selfishness* has a greater power with us than *patriotism?* Would it not show to Union friends, with whom we have professed to sympathize, that our out spoken regard for the Union, and our wishes for the success of the means employed to sustain it, are very much like "the sounding of brass and the tinkling of the cymbals"

STAVES *vs* CHIVALRY —Just before the late election the *Advertiser* gave us a long dissertation intended to show that the negroes South were a degraded, savage race The Burlington *Hawk Eye*, which bears upon this point and contrasts the savage character of *Southern negroes* with *Southern Chivalry*—the reader may decide with what truth. The *Hawk Eye* says

"The behavior of the negroes thus far during the war has been the best. He has not murdered innocent women and children—he has not even murdered his oppressors He has exhibited none of those savage attributes of character which have been attributed to him On the other hand he has behaved much better than his owner He has shown himself, in a moral point of view, infinitely better than the white men who surround them—Throughout the rebel States there has been no considerable class, save only the negro, whose conduct has not been barbarous, cruel intolerant and devilish If there is anywhere in all rebeldom anything resembling honesty honor, christianity and civilization left, it is to be found no where except in the 'woolly headed,' 'long heeled,' 'gizzard footed' African slave If there has been any 'chivalry,' true and genuine, exhibited in all that country, since this infernal war was commenced, the slave only has shown it If there is any loyalty left there the negro has it

LIEUT WORDEN IN COMMAND OF THE IRONSIDES —Lieutenant Worden, whose gallant bearing on the occasion of the great fight between the *Monitor* and the *Merrimac* have won for him the admiration of the country has been appointed commander of the new iron clad frigate *Ironsides* This is an honorable most desirable promotion, as the *Ironsides* is the largest iron clad vessel in our navy The name of Worden's new ship is also historical, and under its tried commander the new *Ironsides* will undoubtedly eclipse the fame of its old namesake, and like the "tattered ensign" of its predecessor, the flag of the new *Ironsides* will be the symbol of victory

Many a hand will then be seen
That beamed in the sky

THE INTENDED ASSASSIN OF MR LINCOLN —Many persons affect to believe that there was no intention to assassinate President Lincoln before he assumed the duties of his office Recent developments, however, have not established that fact, but point directly to the person who was to perform the bloody deed

A short time ago a Baltimore gambler named Byrne was arrested in Richmond for keeping a gambling house and for the supposed disloyalty to the Confederate government To prove Christ's loyalty Byrne summoned Wigfall, who testified that Byrne was not only loyal to the rebel cause, but that he was the captain of the gang who were to kill Mr Lincoln Upon this testimony Byrne was dismissed It was for a long time supposed that an Italian barber of Baltimore had been selected to become the Orsini for the murder of the President, but he was probably only one of the conspirators

ABRAHAM'S BURIAL PLACE —While the Prince of Wales was at Hebron he had his suite obtained permission to visit the cave of Macpelah Abraham's burial place They are the first Christians who have been allowed to enter it since the Crusades nearly seven hundred years ago Dr Stanley says everything is kept in the most beautiful order, and nothing could be more satisfactory than the state in which the tombs are preserved—Abraham, Isaac, Jacob, Joseph, Sarah, Rebecca and Leah, are buried there,

LATER FROM THE EAST.

Additional News by Steamer.

Dates to July 2d.

WASHINGTON June 30 —The war bulletin of the Government has no accurate account of the state of affairs on the peninsula, by reason of the interruption of telegraphic communication. Nothing has been received to warrant the belief of any serious disaster

CHICAGO July 1 —The situation of affairs before Richmond is not yet clearly defined As understood now, it may be explained as follows General McClellan determined to change the base line of his operations from the Chickahominy to the James river, in order to bring the troops nearer together and include them into a trap The rebels improved the time to attack the right wing while it was changing the front position Their fire was severe and its onslaught was made with terrible desperation but did not succeed in changing the position of our line successfully, as the rebels did not gain any advantage.—It was a skillful movement on the part of Gen McClellan The final result will be made apparent in due time

The correspondent of the Baltimore *American* says in order for the final evacuation was given at the close on Saturday evening, when the first of the transports moved off The evacuation was completely successful Of the many millions of dollars worth of property at the point of view days since, that could not be taken away, not a dollar's worth of it fell into the hands of the rebels Gen Stoneman, who had been hovering in the vicinity all day After securing the safety of the troops Gen Casey says that he did not lose one man, nor did he leave a soul behind—not even a straggler The enemy are nowhere in the immediate vicinity

The fleet reached White House at 7 o'clock on Saturday evening At 10 o'clock on Saturday morning Col Ingalls and Capt Sanford were before Yorktown with an immense convoy of vessels and steamers, on their way to the new base of operations on James River They would doubtless proceed to Fortress Monroe and await McClellan's instructions

FORTRESS MONROE, June 30 —It is reported here that General McClellan had taken Richmond but three days ago and authority for the report, as the telegraphs are not working and no boats have arrived from James river, the York river being completely crowded of everything movable Steamers and tugs are constantly arriving at this place having in tow barges, schooners, &c Many arrived last night The steamer *Spaulding* this morning reports 100 barges and schooners in tow of boats at Yorktown, when she left, all making preparations to come down to-day There was nothing at or near West Point

NEW YORK, July 2 —The *Tribune's* correspondent from Fortress Monroe, June 30th, states that the gunboats on the James river had established communication with McClellan's left.

It is reported that during two days' fighting McClellan lost 10,000 men It is also reported that Col Alexander had come to James river to select a new base and that Berkley had been determined on This is 50 miles from Richmond and 10 from City Point No telegraph communication, except army dispatches, is allowed to pass over the wires

CHICAGO July 2 —Yesterday's New York papers contain despatches from the War Department, stating that as soon as that Department can obtain exact information of the state of affairs in front of Richmond, it will report the same to the public—good or bad

ALBANY, July 2 —Governor Morgan issued to day a stirring and patriotic appeal to citizens, calling upon them to come forward at the call of the country and furnish their quota towards the new force of volunteers demanded by Government

WASHINGTON, June 26 —In the Senate Court of Impeachment, in the case of West H Humphries, Judge of the District Court of Tennessee, the accused was to day declared guilty, and judgment pronounced He is to be removed from office, and be disqualified from holding or enjoying any office of honor, trust or profit, under the United States

CITY POINT VA, June 26 —Our gunboats moved up last night and shelled the rebels on the St Petersburg Road, but without casualties on their side, according to their account The official lists of the rebel losses at the battle of Fair Oaks, is published Eighty five regiments and batteries were engaged, sustaining a loss in killed, wounded and missing of 5,87

The rate of postage in the Southern Confederacy has been raised from 5 to 10 cents

WASHINGTON June 27 —The British Government has withdrawn its own proposition made in 1857 and formally accepted by Postmaster General Blair, reducing the rate of international postage from 24 to 12 cents

A daring reconnoisance was made on the 24th of June by Captain Keenan and two companies of cavalry from McClellan's headquarters to the James River He found Gen Wise held a position opposite Fort Darling, with five regiments, constituting the extreme right of the rebel army, the pickets of the enemy He succeeded in penetrating their lines in the gunboat *Galena*, which was stationed to the rear and remained several hours on board, regaining his command safely

NEW YORK June 27 —The *Tribune's* Washington correspondent has excellent and authority in stating that the evidence already taken in Ben Wood's case is stronger than that which expelled Senator Bright We Pass expulsion is considered certain, others, however speak less partial

CHILE is coming into effect the African slave trade treaty with Great Britain passed the Senate yesterday, four votes being in the negative

Gen Hunter left James Island at 12 o'clock leaving Beaufort in command with orders to make no advance towards Charleston without reinforcements or further orders It was reported by deserters that the whole Rebel force at Secessionville had but two batteries with six guns mounted and six more in reserve use It was decided on the 16th inst General Stevens with 5,000 men was to make an attack at daybreak while Gen Wright and Col Williams with 6,000 men were to support him Somehow they were delayed and as an attempt was made according to the plan of the field they were met by tremendous grape and canister fire, regiments were thrown forward but made no headway The 8th Michigan 79th New York, and 28th Massachusetts broke and scattered The 46th New York did little better The first two drove the gunners from their guns, and some of them even penetrated the works but the other regiments failing to support them they had to retire after holding the battery 20 minutes In the meanwhile Col Williams, in coming to their support, separated from the force by a marsh was exposed to a severe cross fire from the rebel guns in the woods His troops fought nobly with considerable loss For an hour, no gun was fired from the fort, and by prompt presence 5,000 men would have carried the works but they were not there and the troops returned Another account confirms the above, but says that the Massachusetts 28th did well It gives our loss at 8 killed 100 wounded, and 122 missing Our troops are now within range of the gunboats, and in excellent condition, entrenchments having been thrown up

Of the reinforcements expected (Gen Beauregard's troops) a number had arrived from Key West at James Island but our forces must be largely reinforced before operations can be resumed Rebel troops are constantly arriving, and extensive preparations for the defense of Charleston are making

Another letter writer asserts that Commodore Dupont says he can take Charleston with five gunboats He can run by Fort Sumter and the fortifications with little loss, with no more than two while with the others he would shell the city

A letter from the 48th Regiment gives our total loss at 670

MEMPHIS, June 27 —Information has been received here that the confederate generals Bragg and Polk want 30,000 men, including nearly all Beauregard's army that have not been sent to Richmond

WASHINGTON June 27 —The Senate passed a bill to-day providing that any member of Congress or any officer of the Government receiving a consideration for services in procuring contracts or any office from the Government shall be liable for misdemeanor, and if convicted suffer a fine not exceeding two years, and also be disqualified from holding office under the United States, and the contracts shall be void at the option of the President

QUINCY, Ill, June 27 —In consequence of the withdrawal of troops from the northeast portion of Missouri guerrilla parties have been formed mustering 700 men This gang on Wednesday attacked a party of troops near Monticello, killing eight and wounding a number The guerrillas loss is not known

NEW YORK June 27 —The Newbern (N C) *Progress* of the 21st reports the rebels at Kingston and Goldsboro as living on half rations, and frequently deserting The rebel pickets had burned the town of Tuscarora, Va, and destroyed a portion of the railroad It was reported that 70 rebels were killed at Fayetteville by the explosion of a shell, thrown some time ago by one of our gunboats, which did not explode at the time

WASHINGTON, June 28 —A special dispatch to the New York papers says "There is reason to believe that Seward has received a note from Lord Russell touching Gen Butler's proclamation regarding the women in New Orleans

Letters from Prince Napoleon, by the last European steamer, show that he is still the firm friend that he has shown himself since the rebellion broke out

We understand that a resolution is looked for the expulsion of Senator Simmons from the Senate for receiving compensation for service in procuring contracts from Government It will be introduced soon

An order has been issued from the Adjutant General's office, prohibiting furloughs to enlisted soldiers, under any circumstances whatever.

WASHINGTON, June 27 —All is quiet in every direction, Information from the Shenandoah is received from other than official sources which leads to the belief that Jackson's troops have not retired in force from the point at which they were last seen Among other rumors circulating is one of his appearing damages and preparing to secure the wheat and rye crop of the valley, which is represented as good.

NEW YORK, June 28 —General Scott's wife died at Paris on the 10th of June, aged 72

New Orleans advices state that trade is reviving, and the Union sentiment was gaining strength. Quite a number of rebel soldiers were taking the oath

Two soldiers convicted of theft were sentenced to be shot on the 21st May.

Col Kimball with two companies of the 21st Maine, had broken up the camp at Monticello, at which for some time 1,800 rebels had encamped They fled on our approach, leaving the camp equipage and regimental colors

The Daily Oregonian.

CITY.

MORNING OREGONIAN has a larger SCRIPTION LIST than any other Daily published in this City.

DAILY OREGONIAN may be had at the Franklin Book Store, and at Charles Barrett's, Front street

ARRIVAL OF THE PACIFIC.—The steamer *Pacific* arrived at Couch's Wharf yesterday evening about six o'clock, direct from San Francisco, leaving that city on the evening of the 9th. We have one day's later news, but nothing of any important further than more correct particulars of the great battle at Mechanicsville and repulse at Charleston, which will be found in appropriate news columns. We are indebted to Wells, Fargo & Co. for files of the *Bulletin* and *Mirror* up to 3d inst., but no later, which they were of but little use to us, as we would have received dates to 4th and 5th inst., the day of sailing.

Mr. Benton, purser of the *Pacific*, kindly furnished us with the following:

PASSENGERS.—Steamer *Pacific*, A M Burns, commander, left San Francisco July 5th, at 4 P M Crossed the Bar at 10 A. M on the 9th and left Portland at 6 P M

FOR PORTLAND.—Gen L R Ames and lady, Milford, Nelson Smith, P W Pollasfory, Mrs E Vanbokkelen and son, John Wood and wife, W R Langley, C A Hinds, Mrs L A Dougo and child, G P Russell, J B Williamson, I M Hartwell, I H Thompson, Mrs McCracken and child, A H Reynolds, Capt Dills, A Folly, Mrs Bromley, Miss A Martin, Miss Belle Jones, H Taylor, T J L Smiley, H H Gladwin, Miss P Roberts, C B Adams, J H Reiley and lady, O Dowell, J P Whitsale, wife and child, C L Harrington, Mrs Ainsworth and boy, Major Drew, J A Lord, Wells Fargo & Co's Express, and 30 others

THEATRICAL.—It is our pleasure to note the arrival per steamer *Pacific*, last evening, of Mlle Belle Divino, Mr John Wood, Mr Harry Taylor, and La Pettit Emmand, who compose a portion of the theatrical troupe engaged by Messrs. Potter & Bell, lessees of the Willamette Theatre of this city, the latter of whom has come up with the above named persons. The remainder of the troupe are expected to arrive next Monday, having taken passage in the bark *Helen W Almy*. Among those to arrive are the names of Mr Potter, Mr J De Wiggelis, Mr Shazer, Miss Carrie Howard, Miss Nora Rosa, and others. We will notice this troupe more at length hereafter, not having room in this issue.

COUNTY COURT.—The County Court, of Multnomah County has been in session since Monday last, though not much business of importance transacted. Mr C S. Silver has been appointed Administrator on the estate of Prince Caruthers, in place of Stephen Coffin, who resigned in consequence of "skullduggery," which he says was about to be practiced by certain parties interested therein, and which may yet come to light.

REMOVAL.—The office of Doctors Hawthorn & Loryea has been removed to Dr. Weatherford's Drug Store, Front Street, and Hospital removed to Insane Asylum across the river. Those are requested to state that should a patient desire to go to Hospital, a carriage will be in attendance at their office during the day, which will convey all such, free of extra charge, from any part of the city.

NO DISPATCH.—The Stage last evening, brought us no later dispatches from Yreka,—something the matter with the telegraph line north. We have considerably additional news by Steamer, but still we have only received just enough to leave us in a high state of excitement and anxiety to learn the result of what has undoubtedly transpired within the last few days.

ANOTHER SCRIMMAGE.—A noisy meeting took place between a couple of Italians at the "Garibaldi Saloon," down town, last evening, which resulted in the smashing up considerable glass and crockery ware, tables etc., but not much damage done to "flesh and bone."

PROGRESSING.—We notice that improvements of Front street and side walks are still going on in several places. All right, plenty of places needing a similar treatment.

EXTENSION.—We understand that Couch's Wharf is to be extended 110 feet further down the river, shortly.

THANKS.—To Mr. A M Snyder, Messenger of Mossman & Co's Express, for late copy of the Walla Walla *Statesman*, and other favors.

Also, Mr. Charles Barrett will accept our special thanks for copy of San Francisco *Bulletin* of 5th inst., from which we extract some additional Eastern news.

ARRIVAL OF THE JULIA.—The *Julia* arrived last night from the Cascades—bringing down at least 150 passengers, and a considerable quantity of dust. Wells, Fargo & Co's messenger, our good friend, Dan Lowell, brought down about 150 pounds, to whom we are much obliged for favors. We received a copy of the *Mountaineer* of yesterday, per Express, from which we take the following items:

POWDER RIVER.—"A report has just come in that fifteen men had been attacked by Indians and that fourteen of their number were killed. A California party last week lost 42 out of 49 horses stolen, and had to buy over $1,000 worth of provisions to prevent it falling into Indian hands.

LETTER FROM JOHN DAY.—Mr L G Martin, an old California miner, just in from John Day, confirms all that has been reported relative to the richness of the new mines. He says they prospect all the way from 1 cent to $50 to the pan, old miners pronounce them the richest diggings yet discovered. There is now a six hundred to a thousand persons at work in the John Day mines.

THE FOURTH.—In the absence of arrangements for a general celebration, the Dutch will "Fire a dull day at the Dalles, and wore off the appearance of a great national holiday.

BROWN'S BRONCHIAL TROCHES

Cure Cough, Cold, Hoarseness, Influenza, any Irritation or Soreness of the Throat, Relieve the Hacking Cough in Consumption, Bronchitis, Asthma, and Catarrh. Clear and give strength to the voice of
PUBLIC SPEAKERS, and SINGERS.

Few are aware of the importance of checking a Cough or Common Cold in its first stage. That which would in the beginning yield to a mild remedy, if neglected, soon attacks the Lungs. *How wonderful* that a simple preparation of a few ingredients, like Pulmonary and Bronchial Troches, should relieve Pain.

BROWN'S TROCHES. "That trouble in my Throat for which the 'Troches' are a specific) having made me often a more whisperer."
N. P. WILLIS

BROWN'S TROCHES. "I recommend their use to Public SPEAKERS."
REV E. H. CHAPIN

BROWN'S TROCHES. "Have proved extremely serviceable for Hoarseness."
Rev HENRY WARD BEECHER

BROWN'S TROCHES. "Almost instant relief in distressing labor of coughing, peculiar to Asthma."
Rev C. HOUGHTON

BROWN'S TROCHES. "Contain no Opium or anything injurious."
Dr. A. A. HAYES, Chemist, Boston.

BROWN'S TROCHES. "A simple and pleasant combination for Colds, &c."
Dr. G. F. BIGELOW, Boston.

BROWN'S TROCHES. "Beneficial in Bronchitis."
Dr. J. F. W. LANE Boston.

BROWN'S TROCHES. "I have proved them excellent for Whooping Cough."
Rev R. W. WARREN, Boston.

BROWN'S TROCHES. "Beneficial when compelled to speak after using them."
Rev S. J. P. ANDERSON, St. Louis.

BROWN'S TROCHES. "Effectual in removing Hoarseness and Irritation of the Throat, so common with SPEAKERS and SINGERS."
Prof M. STACY JOHNSON, La Grange, Ga.

BROWN'S TROCHES. Teacher of Music Southern Female College. "Great benefit when taken before and after preaching, as they prevent Hoarseness. From their past effect, I think they will be of permanent advantage to me."
Rev J. HOWARD, A. M., President of Athens College, Tenn.

NEWSPAPERARCHIVE®
NEWSPAPERARCHIVE®

Great Men's Tools.

Some one asked Opie by what wonderful process he mixed his colors "I mix them with my brains, sir," was the reply It is the same with every workman who would excel Ferguson made marvellous things, such as his wooden clock, that accurately measures the hour, by means of a common penknife, a tool in every body's hand, but then every body is not a Ferguson

A pan of water and two thermometers were the tools by which Dr Black discovered latent heat, and a prism, a lens, a sheet of pasteboard enabled Newton to unfold the composition of light and the origin of color

An eminent foreign savant called upon Dr Wollaston, and requested to be shown over his laboratories, in which science has been enriched by so many important discoveries, when the Dr took him into a study, and pointing to an old tea tray on the table containing a few watch glasses, test papers, a small balance and a blow pipe, he said "There is all the laboratory I have!"

Stothard learned the art of combining colors by closely studying butterflies' wings, he would often say that no one knew what he owed to these tiny insects

A burnt stick and a barn door served Wilkie in lieu of pencil and canvas Berwick first practiced drawing on the cottage walls of his native village, which he covered with his sketches in chalk; and Benjamin West made his first brushes out of the cat's tail Ferguson laid himself down in the fields at night in the blanket, and made a map of the heavenly bodies by means of a thread with small beads on it, stretched between his eyes and the stars Franklin first robbed the thunder cloud of its lightning by means of a kite made with two cross sticks and a silk handkerchief. Watt made his first model of the condensing steam engine out of an old anatomist's syringe, used to inject the arteries previous to dissection Gifford worked his first problem in mathematics when a cobbler's apprentice, upon small scraps of leather, which he beat smooth for the purpose, while Rittenhouse, the astronomer, first calculated eclipses on his plowhandle —*Smile's Self Help.*

DUTY OF LABOR —No man can rise from the workman's rank. Fall he may, and often does, from that state; but to rise above the order the great God has established to govern his world is impossible Every man should be a workman and fill up a workman's rank He must fill that or a loafer's He who made the world never made a spot for an idler Body and soul, powers, mental and physical, are to be used, else they never would have been given

☞ The journal of the Paris Horticultural Society states that an experienced Italian cultivator of flowers, has discovered how to distinguish between single and double pinks in the seedling state Those having as usual, but two leaves will be single, while those having three leaves will produce double flowers He thinks the test infallible

☞ As it is the sun that ripens, as it is the sun that gives color and flavor, as it is the sun that is required to do all things in the life of a plant, so, in the life of every man the power of God on the soul is indispensable to the development of the higher faculties, and then development in the highest forms

☞ In constructing the International Exhibition Building in London, there have been used 10,000,000 bricks, 1,000 iron pillars, 17,000 loads of wood, 45,000 superficial feet of glass, and 4,000 tons of iron

☞ A good book and a good woman are excellent things for those who know how to justly appreciate their value There are men, however, who judge both from the beauty of their covering

IRON.—Gen. McCarver and associates have made arrangements with with Mr Olds, of Yamhill county, by which the iron ore on their lands is to be manufactured into iron The ore in this mine, like that at Oswego, in Clackamas county, produces the finest quality of metal—equal to that of Lake Superior Success to this and all similar enterprises, which add so much to the development of the vast mineral resources of the State

EDUCATIONAL —Mr Hall, principal of the "Portland Academy and Female Seminary," publishes the following

Special Notice —The Annual Examination of the students of the "Portland Academy and Female Seminary" will commence on the 14th July, prox, and continue three days Hon J G Wilson will deliver the address to the Seminary, at the M E Church, on Wednesday evening, 16th July Exercises of the Graduating Class, Thursday evening, 17th Reunion, on Friday evening, at the Seminary Address by Rev L J Powell The students and friends of the Institution are cordially invited to be present during all the exercises of the week

Recipes.

To CURE RHEUMATISM —Workmen or workwomen who have induced rheumatic attacks by a too continued immersion of hands in cold water, or from exposure to inclement weather, can effect a cure by bathing the hands in water in which potatoes with the skins on have been boiled Wash the hands just before going to bed, in the morning you will feel much relieved

WHITE BREAD —One quart of water, one quart of salted flour, one tablespoonful of salt two tablespoonfuls of hop yeast, add six cold boiled potatoes grated fine Stir all to the consistency of thick batter, and set away to rise without covering for thirty minutes, then add sufficient flour and knead half an hour, put away in pans to rise; then bake three fourths of an hour

SWISS STOMACH BITTERS.
(First Premium)

The world renowned reputation together with the extensive and increasing sale under Dr HUFELAND'S SWISS BITTERS will not prevent counterfeits from appearing in the California market and we therefore caution the public against purchasing A GOOD AND REMEDIAL TONIC AND INVIGORATOR As a purifier of the Blood in the skin, in all cases of Liver Complaints, Dyspepsia, Nervousness, Debility, Constipation of the Bowels, Kidneys they are unsurpassed, and a most agreeable dram Ly2dm

LADD, WEBSTER & CO.'S
FAMILY
SEWING MACHINES
ARE UNEQUALLED BY ANY FOR
BEAUTY AND SIMPLICITY OF CONSTRUCTION
AND
Efficiency in Working.

A GOOD SEWING MACHINE
SHOULD BE WELL MADE simple in its construction and easily kept in order, should make a perfect stitch alike on both sides, file material and should sew and gather cloths that will be sewed
It should be able to sew cotton thread, or silk direct from the spool and sew from coarse to fine, and from thick to thin with rapidity and without changing the tension It should also be able to make the tension right for sewing both the under and upper threads and with uniformity and should have a straight and the needle working bobbin thread
The needle should have perpendicular motion—this is absolutely necessary for heavy work
It should be able to bind with a binder hem with a hemmer shirr, tuck, roll, run and gather and should be always ready to work
It should have the ability of using the same size thread on both sides of the work, and of using different sized threads that will correspond with any two colors of cloth to be sewed
It should be able to make a long or short stitch, and to fasten off the seam and commence sewing tightly at the first stitch and to run easily, and make but little noise
It should have a wheel that no others are in constant contact with the work
It should not be liable to get out of order, neither should it require a new direction much to set the needle
It should not be liable to foul the operator with oil
It should not form a ridge on the under side, nor ravel
